

DR. SWATI N PATIL

Consultant - Neurology

Qualification

MBBS | MD (Internal Medicine) | DM (Neurology) UK | MRCP SCE - Neurology

Overview

Dr. Swati N. Patil is an neurology expert in Sarjpapur Road, Bangalore with over 10 years of experience in managing complex neurological disorders. She's currently practising as a Consultant - Neurology at Manipal Hospital, Sarjapur Road, Bangalore. Her expertise covers a wide range of neurological conditions, including epilepsy, stroke management, neurodegenerative diseases like Alzheimer's and Parkinson's, multiple sclerosis, and general neurological conditions such as migraines, seizures, and neuropathies. She is an Expert in Epilepsy, Stroke, & Neurological Care and is the foremost Neurologist in Sarjapur, Bangalore – Manipal Hospitals. Dr. Patil completed her MBBS with distinction from Seth GS Medical College, Mumbai, followed by an MD from a prestigious government institution in Maharashtra. She then pursued her DM in Neurology at Bangalore Medical College and Research Institute, where she further honed her skills in treating complex neurological disorders. Her advanced training and dedication to patient care have equipped her with the ability to diagnose and manage challenging neurological cases with precision. Throughout her career, Dr. Patil has emphasised a patient-centred approach, tailoring

treatment plans to the unique needs of each individual. She believes in the importance of listening to her patients and their families, ensuring that they understand their conditions and the treatment options available to them. Her goal is to empower her patients to make informed decisions about their health, and she works collaboratively to achieve the best possible outcomes. In addition to her clinical expertise, Dr. Patil is actively involved in ongoing education and research, staying up-to-date with the latest advancements in neurology. She has contributed to the medical field through publications and presentations, including her research on circadian variation in stroke onset, published in the JMSCR Journal in 2019, and a poster presentation on a rare movement disorder at a NIMHANS conference. Dr. Patil also presented a case on treatable leucodystrophy at the Bangalore Neurological Society, showcasing her commitment to sharing knowledge and improving neurological care. At Manipal Hospital, Dr. Patil works closely with a multidisciplinary team to deliver comprehensive neurological care. Her expertise in treating epilepsy and stroke, along with her focus on evidence-based medicine, ensures that her patients receive the most effective treatments available. She is committed to providing high-quality care that improves the quality of life for her patients. Dr. Patil is fluent in Kannada, Marathi, and Hindi, which enables her to communicate effectively with a diverse range of patients and their families. Her ability to converse in multiple languages helps her build strong relationships with her patients and ensures that they feel comfortable and supported throughout their treatment
