

DR. VIJAY PRASAD BANIA

Associate Consultant - ENT

Qualification

MBBS | DLO | FELLOW IMMAST

Overview

Dr. Vijay Prasad Bania is an Associate Consultant – Head and Neck Surgeon in ENT at Manipal Hospital, Siliguri. With 19 years of experience, he specializes in the diagnosis and surgical management of ear, nose, throat, head, and neck disorders. His expertise spans endoscopic and micro ear surgery, endoscopic nasal and sinus surgery, micro laryngeal surgery, trauma and maxillofacial surgery, rhinoplasty, coblation tonsillectomy, adenoidectomy, allergy and immunotherapy, vertigo and balance disorders, voice disorders, hearing and tinnitus treatment, as well as snoring and sleep apnea management. Dr. Bania completed his MBBS in 2001 and pursued a Diploma in Otorhinolaryngology (DLO) in 2006, equipping him with a strong foundation in ENT surgery. To further enhance his skills, he has undergone advanced training in endoscopic sinus surgery at IMMAST, Mumbai, micro ear surgery, microlaryngeal surgery, coblation surgery, and neuro-otology at a specialized clinic (2015). Recognized for his expertise in minimally invasive and endoscopic ENT surgeries, Dr. Bania is highly skilled in treating chronic sinusitis, nasal polyps, vocal cord disorders, ear infections, hearing loss, and balance disorders. His

proficiency in functional endoscopic sinus surgery (FESS), coblation techniques, and micro-ear procedures ensures precise and effective treatment with minimal downtime. His specialized training in neuro-otology allows him to manage complex vertigo and balance disorders, providing patients with comprehensive care for their ENT-related concerns. Whether performing intricate head and neck surgeries or treating common ENT conditions, he focuses on minimally invasive procedures, faster recovery, and long-term relief for his patients. Dr. Vijay Prasad Bania’s extensive training, experience, and commitment to excellence make him a trusted ENT specialist in Siliguri. His ability to handle complex surgical cases, expertise in allergy and immunotherapy, and proficiency in treating snoring, sleep apnea, and voice disorders set him apart as a leading ENT surgeon. If you're seeking advanced ENT treatment, cutting-edge surgical interventions, or expert care for head and neck disorders, Dr. Bania offers personalized, high-quality care to ensure the best possible patient outcomes.
