

DR. BRAHMA DEV SINGH

Senior Consultant - Neonatology

Qualification

MBBS | MD (Pediatrics)

Overview

Dr. Brahma Dev Singh, Senior Consultant in Paediatrics at Manipal Hospital, Siliguri, brings over a decade of specialised clinical expertise in child health and critical care. An MBBS graduate (2014) with an MD in Paediatrics (2007), Dr. Singh has undergone rigorous training in both Neonatal and Pediatric Intensive Care, equipping him to handle complex and emergency cases in infants and children with precision. He is certified in both Basic and Advanced Neonatal Resuscitation Protocols (NRP), Pediatric Advanced Life Support (PALS), and Neonatal Advanced Life Support (NALS), reflecting his competence in life-saving pediatric interventions. Dr. Singh has completed the Post Graduate Programme in Pediatric Nutrition (PGPN) and the International Programme in Preterm Nutrition (IPPN), enhancing his approach to managing nutritional challenges in children, especially preterm infants. His professional development also includes specialised courses in vaccinology, an asthma training module, and an advanced asthma course, positioning him as a go-to expert for chronic respiratory conditions in children. His key areas of focus include asthma and respiratory problems, neonatal intensive care, pediatric intensive care,

breastfeeding counselling, feeding issues in infants and children, management of jaundice in newborns, ventilation and CPAP support, and central line placement. His hands-on experience in managing ventilatory support and preterm care makes him a vital part of the neonatal and pediatric critical care team at Manipal Hospital, Siliguri.
