

**DR. SANDIP SEN**

Consultant - Internal Medicine

**Qualification**

MD General Medicine

## Overview

Dr. Sandip Sen, a Senior Consultant in Internal Medicine at Manipal Hospital, Siliguri, brings over three decades of clinical excellence and patient-focused care to his practice. A highly respected physician with an MBBS (1993) and an MD in Internal Medicine (1998), Dr. Sen is renowned for his precision in diagnosis and holistic treatment approach. He has extensive expertise in managing complex ICU cases, critical care procedures, and multidisciplinary coordination with a dedicated team of medical professionals, ensuring the highest standards of patient safety and recovery. Dr. Sen's core areas of specialisation include the management of chronic and acute conditions such as diabetes, thyroid disorders, liver diseases, gastrointestinal (GI) disorders, lung diseases, and a wide spectrum of infectious diseases. His pivotal role in effective COVID-19 treatment and recovery protocols further reflects his adaptability and leadership in crisis healthcare scenarios.
