

DR. SUJIT GUPTA

Consultant - Pulmonology

Qualification

MBBS | MD Gold Medalist

Overview

Dr. Sujit Gupta is a Consultant in Pulmonology at Manipal Hospital, Siliguri, specializing in the diagnosis and treatment of respiratory disorders. A gold medalist with an MD in Respiratory Medicine, he has trained under some of the country’s top pulmonologists, equipping him with a deep understanding of lung diseases and advanced treatment techniques. His expertise extends to critical procedures such as bronchoscopy, thoracoscopy, biopsy, thoracocentesis, and the management of conditions like asthma, COPD, ILD, tuberculosis, sleep disorders, and allergies. He also holds specialized certifications in thoracoscopy and has actively contributed to national ILD forums and respiratory disease workshops. With over four years of experience in handling complex pulmonary cases, Dr. Gupta has worked in demanding medical environments, including serving as an RMO in a government hospital in Delhi before completing his MD. Dr. Gupta is an esteemed member of various national and international respiratory organizations, ensuring that he remains updated with the latest advancements in pulmonology. His dedication to research is evident through multiple publications in leading respiratory journals and

presentations at major medical conferences.
