

DR. DEBASISH DATTA MAJUMDER

Consultant - ENT

Qualification

MBBS (JIPMER) | MS (Delhi) | MRCS (Edinburgh) | DOHNS (RCS England)

Overview

Dr. Debasish Datta Majumder is a seasoned ENT specialist and head & neck surgeon in Whitefield, Bengaluru, with decades of clinical and academic experience in otolaryngology. He is currently practising as a Consultant – ENT at Manipal Hospital, Varthur Road, Whitefield, with focused expertise in comprehensive ear, nose, and throat disorders across all age groups. With an MBBS from JIPMER, an MS from Delhi, MRCS (Edinburgh), and DOHNS from the Royal College of Surgeons, England, Dr. Debasish’s academic training reflects structured exposure to both Indian and UK medical systems. His membership in the Royal College of Surgeons of Edinburgh, along with his Diplomate status in Otolaryngology and Head & Neck Surgery (RCS England), underscores formal surgical credentialing at an international level. He is also a member of the Association of Otolaryngologists of India, maintaining active engagement with national professional standards. His clinical scope includes evaluation and management of chronic ear disease, hearing impairment, sinus disorders, allergic rhinitis, throat infections, voice disorders, and head and neck pathologies. In addition to outpatient evaluation, his training background reflects structured

exposure to functional endoscopic sinus surgery (FESS), tympanostomy tube management, and facial nerve-related conditions, as demonstrated through academic audits and presentations during his tenure in UK teaching programmes. His audit presentation on preoperative consent in functional endoscopic sinus surgery and critical appraisals conducted at UK regional teaching sessions indicate systematic involvement in quality improvement and evidence-based ENT practice. Dr. Debasish's academic contributions include a peer-reviewed publication titled "FNAC as a diagnostic tool in Pediatric Head and Neck Lesions" in the Indian Paediatrics journal, indexed by international services including Index Medicus. This work highlights his involvement in diagnostic accuracy and minimally invasive evaluation of paediatric head and neck masses. He was also awarded a Certificate of Merit for presenting his dissertation at the Annual Conference of Otolaryngologists of India in New Delhi. At Manipal Hospital, Varthur Road, Whitefield, his practice involves structured clinical evaluation supported by appropriate diagnostic tools such as nasal endoscopy, audiological assessment, and imaging correlation when required. His approach emphasises accurate diagnosis before intervention, particularly in sinus disease, recurrent throat infections, and ear-related pathologies. This methodical clinical framework contributes to his recognition among the best ENT specialists in Whitefield for balanced, evidence-based ENT management. Dr. Debasish also communicates comfortably in English, Hindi, Kannada, Tamil, and Bengali, enabling detailed and culturally sensitive discussions regarding diagnosis and treatment planning. His consultation style reflects clarity in explanation, careful listening, and structured follow-up planning. Through sustained academic involvement and consistent clinical practice, he is widely regarded as one of the best ENT specialists in Whitefield, particularly for patients seeking comprehensive evaluation and structured ENT care.
