

DR. ABDUL AZIZ RIYAZ

Consultant - Neurosurgery

Qualification

MCh. (Neurosurgery) | M.S. (General Surgery) | M.B.B.S

Overview

Dr. Abdul Aziz Riyaz is a skilled neurosurgeon in Bangalore, specialising in advanced neurosurgical procedures. He is currently practising as a Consultant - Neurosurgery at Manipal Hospitals Varthur Road, Bangalore. With over five years of experience in high-volume neurosurgical settings, Dr. Riyaz is known for his expertise in managing complex cases, including neurotrauma, brain and spinal tumours, and spinal surgeries. His in-depth understanding of intricate neurosurgical interventions equips him with the skills to provide comprehensive patient care. He is the Best Neurosurgeon in Varthurroad. Dr. Riyaz’s medical journey began with an M.B.B.S. from Yenepoya Medical College, Mangalore, followed by an M.S. in General Surgery from Al-Ameen Institute of Medical Sciences, Karnataka. He further refined his expertise by earning an M.Ch. in Neurosurgery. His rigorous academic background and extensive clinical experience enable him to manage a wide array of neurological conditions effectively. Dr. Riyaz frequently performs neurosurgical procedures that range from routine cases to advanced brain and spine surgeries, independently handling major surgeries with precision and skill. In addition to his surgical expertise,

Dr. Riyaz has a dedicated interest in teaching and has taught medical, dental, and nursing students various neurosurgery and general surgery topics. This educational involvement underscores his commitment to advancing medical knowledge and training future healthcare professionals. Dr. Riyaz has actively contributed to academic forums and conferences, presenting research and papers on optic nerve sheath diameter in head injuries and innovative surgical techniques such as the Harms technique for atlantoaxial fixation. His contributions have been featured in several conferences, and he has published research in peer-reviewed medical journals, establishing his position as a knowledgeable and research-oriented neurosurgeon. Dr. Riyaz is fluent in Kannada, English, and Hindi, allowing him to communicate effectively with a diverse patient base and ensure that his patients and their families understand the treatment process thoroughly. This linguistic ability enhances his patient-centred approach, making it easier for him to connect with families, answer their questions, and build a relationship of trust and understanding. His professional affiliations include associate memberships with the Neurological Society of India and the Neurological Society of Andhra Pradesh and a permanent membership with the Association of Surgeons of India, highlighting his active engagement with the broader neurosurgical community.
