

DR. ANJALI N

Consultant - Dental Medicine

Qualification

BDS, | MDS - (Pedodontics And Preventive Dentistry)

Overview

Dr. Anjali N is one of the best paediatric and preventive dentist in Varthur Road, Bangalore. She is currently practising as a Consultant – Paediatric and Preventive Dentistry at Manipal Hospital Varthur Road, Bangalore. With a strong focus on child-centric dental care, Dr. Anjali brings a compassionate and inclusive approach to treating young patients, including children with special needs. Her expertise lies in managing dental anxiety, performing complex paediatric procedures, and creating a safe, welcoming environment for children across all age groups. Her clinical skills are backed by a Master’s degree in Paediatric and Preventive Dentistry from KVG Dental College & Hospital, Sullia, affiliated with RGUHS, and a Bachelor of Dental Surgery from A.B. Shetty Memorial Institute of Dental Sciences, Mangalore. Dr. Anjali has garnered extensive experience through her diverse clinical roles across reputed dental centres in Bengaluru. Her scope of practice includes extractions, pulpectomies, root canals, crown cutting, full mouth rehabilitation, 3D intraoral scanning for digital impressions, and emergency trauma care. She is also proficient in administering nitrous oxide sedation, which allows for safer and more comfortable dental

procedures in younger children and anxious patients. Her ability to engage children and guardians alike has helped foster high levels of trust and satisfaction. As a dedicated educator, Dr. Anjali has led numerous oral hygiene awareness sessions, educating parents and children on the importance of early intervention and preventive care. She has also served in academic roles as a demonstrator and tutor, mentoring interns and managing oral health initiatives in underserved communities. Before beginning her journey at Manipal Hospitals, she played an active role in outreach programmes, rural health initiatives, and mentoring clinical staff. She has also led several leadership roles at various dental units across the state that reflects her strong commitment to accessibility and inclusivity in oral healthcare. Throughout her professional journey, Dr. Anjali has prioritised holistic and multidisciplinary care. Whether managing trauma cases, working alongside allied health professionals, or providing preventive treatment plans tailored to a child's developmental stage, she remains committed to dental health equity. Her attention to detail, empathetic care delivery, and passion for working with children have earned her a reputation for excellence in the field of paediatric dentistry. Dr. Anjali N is fluent in English and other regional languages, allowing her to effectively communicate and build rapport with patients and families from diverse backgrounds.
