

DR. ANAND PATIL

Consultant - Paediatrics & NICU

Qualification

MBBS | MD Paediatrics | FIPM - Neonatology(IGICM)

Overview

Dr. Anand Patil is an experienced neonatologist and paediatrician in Bangalore. He is currently practising as a Senior Consultant - Neonatology and Paediatrics at Manipal Hospital Varthur Road, Bangalore. With a medical career built on academic excellence and hands-on expertise, Dr. Anand Patil has emerged as a trusted name in neonatal and paediatric care. He completed his MBBS at Karnataka Institute of Medical Sciences, followed by an MD in Paediatrics, in which he secured the Gold Medal for academic excellence. Further enhancing his clinical depth, Dr. Anand pursued a fellowship in Neonatal Intensive Care and advanced training in Perinatal Medicine. His commitment to lifelong learning is reflected in his completion of global certifications, including a postgraduate programme in paediatric nutrition from Boston University and certified training in functional 2D echo and cranial ultrasound. At Manipal Hospital Varthur Road, Dr. Anand Patil offers comprehensive care for neonates and children, with a strong focus on neonatal intensive care, functional imaging, and early childhood development. He provides meticulous evaluation and treatment of newborn conditions such as respiratory distress, sepsis,

birth asphyxia, jaundice, and prematurity-related complications. He also manages common paediatric illnesses, childhood infections, and growth concerns and provides expert vaccination counselling. His use of advanced clinical tools such as cranial ultrasound, neonatal echocardiography, and developmental assessments ensures accurate diagnosis and effective treatment. Dr. Anand's clinical interests include neonatal functional imaging, neurodevelopmental assessments, paediatric nutrition, and evidence-based vaccination schedules. He is trained in neonatal resuscitation, simulation-based emergency response, and advanced neonatal intensive care protocols. He regularly attends and contributes to national and international workshops and research collaborations. He was a co-investigator in a global multicentric clinical trial focused on hypothermia treatment for birth-related encephalopathy, reinforcing his strong foundation in evidence-based medicine. Known for his calm demeanour and reassuring presence, Dr. Anand connects deeply with parents and families, guiding them with empathy during critical neonatal and paediatric care decisions. He focuses on building trust by clearly explaining the child's condition, treatment options, and long-term health plans. His dedication extends beyond clinical care, as he actively advocates for preventive health through regular check-ups, developmental screening, and early nutrition counselling. Dr. Anand also brings academic leadership to his role by mentoring junior doctors and participating in professional forums related to paediatrics and neonatology. His memberships include the Indian Academy of Paediatrics, the Indian Medical Association, and the National Neonatal Forum. These affiliations keep him updated with evolving best practices, allowing him to integrate modern advancements into patient care effectively. At Manipal Hospital, Varthur Road, Dr. Anand Patil continues to deliver exceptional neonatal and paediatric care through precision, compassion, and clinical excellence. Fluent in English, Kannada, Hindi, Marathi, Telugu, and Tamil, Dr. Anand ensures seamless communication and comforting care for families across

diverse linguistic backgrounds

Fellowship & Membership

- FIPM (Neonatology) IGICH, Bangalore
- PGPN (Boston University), USA
- Diploma graduate in Medico Legal Systems, KIMSDU University
- Life Member of Indian Academy of Pediatrics
- Life Member of National Neonatal Forum

Field of Expertise

- Neonatal Intensive Care
- Neonatal Imaging – Neonatal Functional 2D Echo and USG (Cranium)
- Neonatal Resuscitation Programme TOT (Trainer of Trainees)
- Neurodevelopmental Assessment, Bayley Scales of infant and Toddler Development - PEARSON
- Pediatric Respiratory Infections
- Pediatric Immunization

Languages Spoken

- English
- Kannada
- Tamil
- Hindi
- Telugu
- Marathi

Awards & Achievements

- Gold Medalist - MO Paediatrics Examination
- Best Outgoing Medical Student MBBS-KIMS, Hubli
- NRP Instructor-India
- Research and Part of ongoing International multicentric RCT HELIX (Hypothermia for Encephalopathy in Low and Middle income countries) in Indira Gandhi Institute of Child health, Bangalore
