

DR. SRIMUKHI ANUMOLU

Consultant - Paediatrics and Neonatology

Qualification

MBBS | MD (Paediatrics) | Fellowship in Neonatology (IAP) | Diploma in Asthma & Allergy

Overview

Dr. Srimukhi Anumolu is a highly skilled and compassionate paediatrician and neonatologist in Vijayawada. She brings nearly 14 years of rich clinical experience in paediatrics, advanced neonatal intensive care, paediatric allergy management, and high-risk newborn care. Dr. Srimukhi Anumolu is currently practising as a Consultant - Paediatrics and Neonatology at Manipal Hospital Vijayawada, where she provides comprehensive, evidence-based care for infants, children, and adolescents with a wide range of acute, chronic, and critical health conditions. Recognised for her empathetic approach and holistic treatment philosophy, Dr. Srimukhi is regarded as one of the best paediatricians and neonatologists in Vijayawada. Dr. Srimukhi completed her foundational MBBS from Rangaraya Medical College, Kakinada, followed by an MD in Paediatrics from PSG Medical College, Coimbatore, where she emerged as the university topper under MGR University. Driven by a commitment to high-acuity newborn care and respiratory medicine, she completed an IAP Fellowship in Neonatology in Hyderabad and a specialised Diploma in Allergy and Asthma (DAA) from the prestigious Christian Medical College (CMC), Vellore.

Additionally, she holds a Fellowship in Paediatric Allergy, Asthma, and Immunology. At Manipal Hospital Vijayawada, Dr. Srimukhi Anumolu manages a comprehensive paediatric and neonatal care suite. Her clinical expertise covers extreme preterm newborn resuscitation, level III NICU management, mechanical ventilation, high-frequency oscillation, and supportive care for high-risk pregnancies. She possesses specialised proficiency in diagnosing and managing childhood allergic conditions, including conducting skin prick testing, paediatric asthma, growth monitoring, childhood nutrition, and managing paediatric infectious diseases. A dedicated researcher and academician, Dr. Srimukhi has authored multiple publications in peer-reviewed medical journals on topics such as paediatric liver disorders, seroprevalence of Hepatitis A, and metabolic profiles in febrile seizures. She also brings rich teaching experience from her tenure as an Assistant Professor of Paediatrics at Siddhartha Medical College, Vijayawada. Fluent in English, Hindi, Telugu, and Tamil, Dr. Srimukhi couples her technical clinical mastery with an approachable, compassionate, and family-centred communication style. She prioritises preventive child healthcare and parent counselling, empowering families with clear diagnostic insights and personalised treatment plans.
