

DR. MADAMSETTY SRI DIVYA

Associate Consultant - Radiation Oncology

Qualification

MBBS | MD (Radiation Oncology)

Overview

Dr. Madamsetty Sri Divya is a dedicated radiation oncologist in Vijayawada with specialised clinical experience in precision radiotherapy techniques, advanced brachytherapy, and oncology palliative care. She is currently practising as an Associate Consultant – Radiation Oncology at Manipal Hospital Vijayawada, where she delivers evidence-based cancer care and targeted radiation treatments. Recognised for her clinical diagnostic acumen and supportive patient care, Dr. Sri Divya is regarded as one of the best radiation oncologists in Vijayawada. Dr. Sri Divya completed her undergraduate medical education (Bachelor of Medicine & Bachelor of Surgery - MBBS) from the College of Medical Sciences, Bharatpur (Nepal), between 2012 and 2017. She subsequently completed her MD in Radiation Oncology from M S Ramaiah Medical College under Rajiv Gandhi University of Health Sciences (RGUHS), Karnataka (2019–2022). Demonstrating academic excellence during her postgraduate training, she graduated as the Best Outgoing Postgraduate Student and achieved Overall University Ranking – II across RGUHS. She also completed the specialised EPEC India Palliative Care Certificate Course in 2023. At Manipal Hospital

Vijayawada, she manages a broad spectrum of oncological conditions requiring radiotherapy. As a top cancer specialist in Vijayawada, her clinical and technical expertise encompasses advanced radiation delivery methods, including Three-Dimensional Conformal Radiation Therapy (3D-CRT), Intensity-Modulated Radiation Therapy (IMRT), Volumetric Modulated Arc Therapy (VMAT), and Image-Guided Radiation Therapy (IGRT). Her procedural proficiencies also include intracavitary and interstitial brachytherapy, as well as Stereotactic Body Radiotherapy (SBRT) planning with CyberKnife. Her clinical approach places a strong emphasis on precision radiation targeting to maximise tumour control while effectively sparing adjacent healthy tissues and vital organs. Working in close coordination with surgical and medical oncology teams, she tailors each intervention to ensure optimal therapeutic outcomes. Dr. Sri Divya combines technical radiotherapy planning with an empathetic and compassionate approach, focusing on guiding oncology patients through their treatment plans, managing symptoms, and providing supportive palliative oncology care.
