Consultant - Obstetrics & Gynaecology & Robotic Surgery

Qualification

MBBS | MS-OBG | DNB-OBG | FICOG | Diploma in Laparoscopy

Overview

Dr. Tasneem Nishah Shah is a renowned Gynaecologist based in Bangalore, Karnataka. She is highly qualified in Obstetrics and Gynaecology with degrees like MBBS, MS, DNB, and diplomas. She is an expert in handling high-risk and complicated pregnancies. She is also an expert in treating various diseases of female reproductive organs. She is the Consultant in Obstetrics and Gynaecology at Manipal Hospital located in the Whitefield area of Bangalore. She has talked to the Bangalore Mirror and Hindustan Times for their articles. Dr. Tasneem completed her MBBS in 1997 from the University Of Mysore. She was a Professor at the Department of Obstetrics and Gynaecology of the Vydehi Institute of Medical Science for a short period. She is an expert in dealing with pregnancy diseases, postdate pregnancies, high-risk pregnancy care, pregnancy of PCOD patients, and high blood pressure during pregnancy. She has counselled patients about pregnancy exercise, caring for infants during illness, and prenatal diagnosis. She has talked about managing pregnancy and diabetes together. She has performed gynaecological endoscopies and many types of early pregnancy scans as well. She has been a part of many

embryo donor programs too. She received the Times Health Care Achievers Award in the Rising Star- Obstetrics and Gynaecology category in 2018. She did MS in Obstetrics and Gynaecology from the J.S.S Medical College in Mysore in 1999. Dr. Tasneem is one of the best gynaecologists in Whitefield, Bangalore. She has a life membership of the Indian Medical Association. She has written articles for medical journals like the European Journal of Obstetrics & Gynaecology and Reproductive Biology. Her case reports have been published by the British medical journal and the International Medical Journal. The famous Femina magazine interviewed her about how the COVID-19 lockdown affected the cases of PCOD in the country. She talked to the Bangalore Mirror about how the COVID-19 vaccine has protected pregnant women from the risk of getting COVID. She has a fellowship at the Indian College of Obstetrics and Gynaecology. She has successfully worked in counselling patients about infertility and gynaecology-related cancer, apart from other pregnancy risks. She attended the All India Congress of Obstetrics and Gynaecology conference in 2012. She won the Dr. C.S. Dawn Award for her presentation at the conference. She wrote a case report about uterovaginal anastomosis a long back. It was published in the European Journal of Obstetrics & Gynaecology and Reproductive Biology.
