

DR. SANJEEVA REDDY

Consultant - Pediatrics, PICU, and Neonatology

Qualification

MBBS | MD (Pediatrics) | MRCPCH | Diploma in Pediatric Emergency Medicine

Overview

Dr. Sanjeeva Reddy is a distinguished paediatrician with an experience of more than 25 years in the field. He has experience working in India and the United Kingdom, and he moved to the United Kingdom in 2004 and returned to India in 2014. Now, he works at the Manipal Hospital in Whitefield, Bangalore as a Consultant in Paediatrics, PICU, And Neonatology. Dr. Reddy is an expert in paediatric intensive care, neonatal intensive care, and emergency medicine. He graduated from Kasturba Medical College in 1998 and did his MD in Paediatrics at the same college until 2001. He has also done a Diploma in Paediatric Emergency Medicine. He worked as a postgraduate resident at their Kasturba Hospital as well. He became a General Duty Medical Officer at the local Pandavapura Taluk Hospital for a few months. This was his brief experience of Government service. He also has experience lecturing at Sri Devraj Urs Medical College. He worked there for two years- from 2002 to 2004. He moved to the United Kingdom in 2004 to get international experience in Paediatrics. He worked at various organisations in the country as a doctor and a lecturer. He completed a course in Neonatal Cranial Ultrasound in 2010 from the Birmingham Women's Hospital in Birmingham. He was the Senior Registrar of the country's National Health Service for almost ten years. On the side, he completed a course in Paediatric Echocardiography from the Yorkhill Childrens Hospital in Glasgow. He became a Senior Clinical Fellow of the Great Ormond Street Hospital in International Private Patients. He became a member of the Royal College of Paediatrics and Child Health of London, Glasgow and Edinburgh in 2009. He returned to India in September 2014 and started working for Motherhood Hospital as a Consultant Neonatologist. He left the hospital in 2015 and soon started associating with Manipal Hospitals. He got a membership in the National Neonatology Forum of Karnataka. He also became an Executive member of the Whitefield branch of the Indian Medical Association. He is a life member of the Indian Academy of Pediatrics. Now he works in various fields like paediatric hemato-oncology, neonatology, bone marrow transplant in children, and newborn diseases like jaundice and chickenpox. He has expertise in development assessment, newborn care, genetic diseases, and nutritional assessment. He is highly experienced in the intensive care of newborns. He has a working knowledge of ultrasound imaging of the brain and heart of children and infants, along with other aspects of paediatric and neonatal intensive care.
