

DR. ANUSHA HANDRAL

Consultant - Diabetes and Endocrinology

Qualification

MD | DM - Endocrinology

Overview

Dr. Anusha Handral is a renowned Diabetes and Endocrinology specialist in Bangalore. She is currently practicing at Manipal Hospital Whitefield as a Consultant - Diabetes and Endocrinology, with a specialization in Paediatric Endocrinology. She brings a wealth of expertise in both pediatric care and endocrine disorders, making her one of the top diabetologists and endocrinologists in Whitefield. Her main areas of expertise include Diabetes Mellitus, Thyroid disorders, Acromegaly, Pediatric Endocrinology, Obesity, Basic and advanced DXA, and PCOS. She is a Top Diabetologist in Whitefield, Bangalore. Dr. Anusha Handral completed her MBBS from Kasturba Medical College, Manipal, followed by an MD - Paediatrics from the Indira Gandhi Institute of Child Health, Bangalore. Her academic journey culminated in a DM - Endocrinology from the prestigious Institute of Post Graduate Medical Education and Research (IPGMER), Kolkata. She has further honed her skills through various training and fellowship programs, making her an authority in pediatric endocrinology and general pediatric care. Dr. Anusha has gained significant experience in managing complex endocrine disorders. Her extensive residency and

fellowship experiences have given her a deep understanding of the challenges and complexities of pediatrics and endocrinology. In addition to her clinical work, Dr. Anusha Handral is actively involved in academic research, with a focus on topics such as the efficacy and side-effect profile of drugs in pediatric status epilepticus and the assessment of bone mineral density and body composition in patients with pituitary adenomas. Her research has led to several publications in reputed journals, including the Indian Journal of Paediatrics and the Journal of Laboratory Physicians, further cementing her standing in the medical community. Dr. Anusha Handral is an active participant in national and international conferences. She has presented posters and papers at numerous prestigious medical conferences, earning accolades such as the first prize for her poster presentation at Endoupdate 2020 in Hyderabad. Her keen academic interest in areas such as Grave's disease, pediatric endocrinology, and bone and mineral metabolism has driven her to contribute to the advancement of these fields through research and presentations. Dr. Anusha Handral’s commitment to pediatric care, combined with her specialized focus on endocrinology, makes her an invaluable asset to Manipal Hospital Whitefield. She continues to contribute to the well-being of her patients with her exceptional clinical expertise and compassionate care.
