

DR. SANJEEV ROHATGI

Consultant - Surgical Gastroenterology HPB & Liver Transplant Surgery, Robotic Surgery

Qualification

MBBS | MS | DrNB (Surgical Gastro) | FRCS (Intercollegiate-UK) | MRCS | FEBS (European Board HPB & Transplant), | Fellowship in Living/Cadaveric Liver & Pancreas Transplant (UK)

Overview

Dr. Sanjeev Rohatgi is an experienced surgical gastroenterologist and liver transplant surgeon in Bangalore. He is currently practising as a Surgical Gastroenterology HPB & Liver Transplant Surgery, Robotic Surgery at Manipal Hospital Whitefield. With over 25+ years of rich experience, Dr. Rohatgi has extensive expertise in complex hepatobiliary, pancreatic, and liver transplant procedures. Dr. Sanjeev’s qualifications include MBBS, MS, DrNB - Surgical Gastroenterology, and prestigious fellowships such as FRCS (Fellowship of the Royal College of Surgeons) (Intercollegiate - UK), MRCS (Membership of the Royal Colleges of Surgeons), and FEBS (European Board of Hepato-Pancreato-Biliary and Transplant Surgery). He has also undergone advanced fellowships in liver, pancreas, and kidney transplantation, enriching his capabilities with globally benchmarked surgical proficiency. With a strong foundation in gastrointestinal surgery and liver transplantation, Dr. Rohatgi offers advanced surgical care for both adult and paediatric patients. His clinical expertise spans

the full spectrum of hepatopancreatobiliary (HPB) surgery, including liver resections for benign and malignant lesions, surgery for complex biliary strictures, cholangiocarcinoma, pancreatic tumours, and both acute and chronic pancreatitis. He is adept at performing minimally invasive HPB surgeries, ensuring quicker recovery and improved outcomes for his patients. Dr. Rohatgi has a special interest in liver transplantation and brings with him deep experience in performing both cadaveric (DDLT) and living donor liver transplants (LDLT). His training has equipped him to manage complex liver surgeries with precision and care, ensuring optimal graft function and long-term patient survival. He is also proficient in pancreas transplantation and resection procedures for gastric and colonic malignancies, further extending his scope in gastrointestinal oncology. In his role at Manipal Hospital Whitefield, Dr. Rohatgi prioritises patient safety, comprehensive evaluation, and a multidisciplinary approach to treatment planning. He maintains a strong commitment to patient education and transparent communication, helping individuals and families understand their diagnosis and treatment journey with clarity and confidence. Dr. Rohatgi is an active member of renowned medical associations, including the Indian Association of Surgical Gastroenterology (IASG), the International Hepato-Pancreato-Biliary Association (IHPBA), the International Liver Transplant Society (ILTS), the Association of Surgeons of India (ASI), and the British Transplant Society (BTS). He continues to integrate evidence-based practices and innovative surgical techniques to deliver world-class liver care in Bangalore.
