

DR. VIKAS N RAJ

Associate Consultant - Urology

Qualification

MBBS | MS (Gen Surg) | DrNB (Urology)

Overview

Dr. Vikas N Raj is a urologist in Whitefield with over 7+ years of combined experience in general surgery and urology. He is currently practising as an Associate Consultant - Urology at Manipal Hospitals Whitefield, Bangalore, where he provides structured urological consultations and procedural care for genitourinary disorders, stone disease, and uro-oncological conditions with a clear emphasis on safety and evidence-based intervention. An MBBS graduate from Kasturba Medical College, Manipal (MAHE University), Dr. Vikas completed his MS in General Surgery from Bangalore Medical College & Research Institute before pursuing DrNB in Urology from Kasturba Medical College Hospital, Mangalore. His earlier experience as Senior Resident in General Surgery and subsequent urology-focused roles, including Senior Registrar and Assistant Professor in Urology, have shaped his approach to patient assessment, surgical planning, and long-term follow-up care. Dr. Vikas offers consultation-based evaluation for urinary tract symptoms, kidney and ureteric stones, prostate enlargement, bladder disorders, male reproductive health concerns, and genitourinary cancers. His practice includes detailed clinical

assessment, ultrasound and imaging correlation, laboratory interpretation, and counselling regarding medical versus surgical pathways. His areas of clinical interest include uro-oncology, laparoscopic urology, andrology, endo-urology, and renal transplant evaluation. His procedural experience includes independently performing URSL, TURP, TURBT, PCNL, cystolithotripsy, visual internal urethrotomy (VIU), open nephrectomy, open pyeloplasty, and open pyelolithotomy. Dr. Vikas also assists in laparoscopic and robotic procedures such as partial and radical nephrectomy, prostatectomy, radical cystectomy, and pyeloplasty. His expertise in endo-urology and stone management contributes to his growing recognition as one of the best urologists in Whitefield for structured urological evaluation and minimally invasive stone treatment. Dr. Vikas maintains a strong academic orientation, having presented papers at KSCASICON and ASICON, where he received a Best Poster presentation award. His publications include comparative surgical studies, trauma imaging evaluations, and endocrine surgical outcome predictors, reflecting analytical engagement with surgical research. His association with professional bodies such as the Urological Society of India, Karnataka Urology Association, Association of Surgeons of India, and Mangalore Urology Forum reflects continued engagement with evolving clinical standards. Fluency in English, Kannada, Hindi, and Telugu, Dr. Vikas communicates comfortably across diverse patient groups, ensuring clarity in sensitive urological discussions. His structured consultation model, combined with procedural competence in endoscopic and open urology, positions him among the best urologists in Whitefield for comprehensive genitourinary care delivered in a clinic-based setting.
