

DR. P. MD. ZAHEERUDDIN

Associate Consultant - Medical Oncology

Qualification

MBBS | DMRT | DNB (Radiation Oncology) | DM (Medical Oncology)

Overview

Dr. P. Md. Zaheeruddin is a highly accomplished medical oncologist in Whitefield. He is currently practising as an Associate Consultant - Medical Oncology at Manipal Hospital Whitefield, Bengaluru. Having over 10+ years of experience in oncology, including specialised training in both Radiation Oncology and Medical Oncology, he brings a comprehensive and multidisciplinary approach to cancer care. His expertise in systemic cancer therapies, precision oncology, and integrated cancer treatment has established him among the best medical oncologists in Whitefield. Dr. Zaheeruddin completed his foundational medical training with an MBBS from Deccan College of Medical Sciences, Hyderabad. He then earned a Diploma in Medical Radiotherapy (DMRT) from the Amrita School of Medicine, Kochi, followed by a Secondary DNB in Radiation Oncology from the HCG Bangalore Institute of Oncology. To expand his global clinical acumen, he underwent specialised Foreign _Exchange_ Program in radiation oncology at Mie National Hospital, University of Mie, Japan, and mastered stereotactic systems at the Accuray International Training Centre in Madison, USA. Achieving ultimate specialisation, he

completed his DM in Medical Oncology from Ramaiah Medical College, Bengaluru. At Manipal Hospital Whitefield, Dr. Zaheeruddin's clinical practice covers the entire spectrum of high-acuity oncology care. He specialises in treating complex solid organ cancers as well as managing aggressive haematological malignancies like blood and lymphoid cancers. His specific clinical interests lie in organ preservation protocols and the multidisciplinary tracking and management of tumour recurrences, tailoring highly individualised timelines for maximum long-term survival. Dr. Zaheeruddin is highly proficient in deploying advanced systemic therapeutic modalities and precision cellular interventions. His procedural mastery encompasses administering targeted therapies, complex immunotherapies, and managing Bone Marrow/ Stem Cell Transplantation (BMT) protocols. His dual-speciality background additionally grants him deep, technical understanding of high-precision radiation techniques, including Intensity Modulated Radiotherapy (IMRT), Image Guided Radiotherapy (IGRT), and Stereotactic Radiosurgery (SRS/SBRT). Dr. Zaheeruddin remains actively involved in academic research and professional development. He is affiliated with leading international organisations, including the American Society of Clinical Oncology (ASCO) and the European Society for Medical Oncology (ESMO). His published research has focused on gynaecological and head and neck cancers, reflecting his continued commitment to advancing oncology care through evidence-based practice. Fluent in English, Urdu, Hindi, Telugu, Kannada, and Malayalam, Dr. Zaheeruddin ensures clear communication and personalised support throughout the cancer care journey. His compassionate approach, combined with expertise across multiple oncology disciplines, enables him to guide patients through complex treatment decisions with confidence and clarity.
