

## **DR. SAI KRISHNA B NAIDU**

Lead Consultant - Orthopaedics, Robotic Assisted Surgery, Artificial Intelligence Assisted Knee Replacement and Sports Injuries

### **Qualification**

MBBS | MRCS (UK) | DipSICOT | FRCS (UK) | MCh ORTHO

### **Overview**

Dr. Sai Krishna B Naidu is a highly skilled orthopaedic surgeon in Yelahanka. He is currently practising as the Head of the Department – Bone & Joint Surgery at Manipal Hospital Yelahanka, Bangalore, bringing years of extensive clinical expertise in joint replacement, advanced arthroscopy, sports injuries, and complex trauma care. With a remarkable blend of international and Indian experience, Dr. Sai Krishna has trained and worked across some of the world's leading orthopaedic centres, including Addenbrooks Hospital Cambridge, Royal National Orthopaedic Hospital Stanmore, and the Hospital for Special Surgery in New York, equipping him with the knowledge and hands-on experience to deliver world-class care to his patients. His educational journey reflects his unwavering commitment to excellence in orthopaedics. Dr. Sai Krishna holds an MBBS from JJM Medical College, Karnataka, followed by MRCS and Dip SICOT qualifications from Europe, FRCS Orthopaedics (UK), and an MCh Orthopaedics from Anglia Ruskin University, Cambridge. He has also completed observerships and fellowships in knee arthroplasty and sports medicine, including specialised training in robotic knee replacement under internationally

acclaimed surgeons. This extensive exposure has enabled him to master both elective and complex trauma procedures, making him one of the most sought-after orthopaedic specialists for patients seeking the best orthopaedic surgeon in Yelahanka. Dr. Sai Krishna's clinical practice spans a broad spectrum of musculoskeletal conditions, with a particular focus on joint replacements, knee and hip arthroplasty, ligament reconstruction, and sports-related injuries. He is also adept at managing complex cases such as unicompartmental knee replacement, revision surgeries, and advanced arthroscopic procedures. His approach is rooted in a combination of meticulous surgical planning, patient-specific treatment strategies, and evidence-based protocols, ensuring optimal functional outcomes and faster recovery. Patients seeking the best joint replacement surgeon in Yelahanka benefit from his personalised care, innovative surgical techniques, and thorough post-operative rehabilitation guidance. Beyond his clinical practice, Dr. Sai Krishna is actively involved in teaching, research, and academic contributions. He serves as faculty for knee arthroplasty and soft tissue injury management courses and has trained numerous orthopaedic residents and fellows in India. His research work, presentations, and audits span various topics, including prosthetic infections, total ankle arthroplasty outcomes, and intra-articular injection complications, reflecting his dedication to advancing orthopaedic knowledge and improving surgical standards. Going forward, Dr. Sai Krishna aims to continue elevating patient care at Manipal Hospital Yelahanka by integrating cutting-edge surgical techniques, mentoring the next generation of orthopaedic surgeons, and expanding services in robotic joint replacement and sports medicine. His patient-centred philosophy, combined with a wealth of national and international experience, positions him as a leading consultant for orthopaedics, robotic-assisted surgery, artificial intelligence-assisted knee replacement, and sports injuries in Yelahanka, offering precise, safe, and innovative solutions for musculoskeletal health.

### **Fellowship & Membership**

- Joint Replacement Surgery & Sports Injuries

### **Field of Expertise**

- Robotic Joint Replacement
- Total knee replacement
- Revision knee replacement
- Partial knee replacement
- Total hip replacement
- Revision hip replacement
- Shoulder Replacement Surgery (Hemi, total and reverse).
- Arthroscopy (Knee, Shoulder, Ankle, Elbow)
- Arthroscopic Ligament Reconstruction Surgery (ACL, PCL, MPFL, PLC, MCL)
- Arthroscopic Meniscal repair
- Cartilage surgeries

### **Languages Spoken**

- English
- Hindi
- Kannada
- Telugu
- Tamil

### **Awards & Achievements**

- Best Paper East Anglia Orthopaedics-Cambridge

## Talks & Publications
