

DR. RAHUL SHETTY

Consultant - Plastic & Reconstructive Surgeon

Qualification

MBBS | M.S. | M.Ch. (Plastic Surgery) | DNB (Plastic Surgery)

Overview

Dr. Rahul Shetty is an experienced plastic and reconstructive surgeon in Bangalore. He is currently practicing as a Consultant - Plastic & Reconstructive Surgery at Manipal Hospitals Yelahanka, Bangalore. With extensive experience in the field, Dr. Rahul specialises in advanced reconstructive procedures, microsurgery, and cosmetic enhancements, providing precise and patient-focused care. He is the best plastic surgeon in Yelahanka, Bangalore. Dr. Rahul’s medical journey began with an MBBS degree from Mysore University and an M.S. in General Surgery from Rajiv Gandhi University of Health Sciences. He further pursued an M.Ch. In Plastic Surgery from Tamil Nadu Dr. M.G.R. Medical University, refining his expertise in intricate surgical procedures. His academic achievements include multiple research contributions in national and international journals, showcasing his commitment to innovation in plastic and reconstructive surgery. With a deep-rooted passion for restoring function and aesthetics, Dr. Rahul excels in microsurgery, craniofacial surgery, and cosmetic enhancements. His expertise covers reconstructive procedures for congenital deformities, post-trauma facial and limb

reconstruction, and post-burn contracture correction. He also performs complex free tissue transfers, cleft lip and palate repairs, and advanced wound healing techniques. His experience in aesthetic procedures includes rhinoplasty, facelift, liposuction, and body contouring surgeries, ensuring natural and refined results for his patients. Dr. Rahul is highly skilled in microsurgical techniques, allowing him to perform precise reconstructions with minimal scarring and optimal functional outcomes. His expertise in nerve and vascular repair, replantation surgeries, and flap-based reconstructions is crucial in helping patients regain mobility and confidence. He also specialises in maxillofacial trauma management, addressing facial fractures and deformities with meticulous precision. Committed to patient-centred care, Dr. Rahul prioritises detailed consultations, ensuring that each patient understands their treatment options. He believes in a holistic approach, integrating advanced surgical techniques with personalised rehabilitation plans. His dedication to continuous learning keeps him at the forefront of emerging plastic and reconstructive surgery trends, allowing him to provide state-of-the-art treatments. His contributions to medical literature include published research on wound healing techniques, innovative reconstructive approaches, and advancements in microsurgery. His active participation in conferences and workshops reflects his commitment to enhancing surgical standards and educating future medical professionals. Over the years, he has received accolades for his research and presentations, further solidifying his reputation as a leader in his field. Fluent in English, Kannada, Tulu, Tamil, and Hindi, Dr. Rahul ensures effective communication with patients from diverse backgrounds. His ability to explain complex procedures clearly and reassuringly fosters trust, making him a preferred choice for individuals seeking expert plastic and reconstructive care.
