

DR. PRASAD NARAYANAN

Lead Consultant - Medical Oncology Hematoncology and BMT

Qualification

MBBS | MD | DM

Overview

Dr. Prasad Narayanan is the Lead Consultant – Medical Oncology Hematoncology and BMT unit as part of the Comprehensive Oncology Program at Manipal Hospital Yelahanka, Bangalore. He brings over two decades of specialised expertise in medical and hemato-oncology, bone marrow transplantation (BMT), Cell therapy , Immunotherapy and precision cancer therapies. Recognised among the best oncologists in the Country , Dr. Narayanan has built a distinguished career in managing complex cancers, offering patients advanced care in Cancer immunotherapy, cell therapy, and personalised treatment plans. His approach combines meticulous diagnostic evaluation, cutting-edge treatment protocols, and compassionate patient care, ensuring that each individual receives therapy tailored to their unique condition and needs. With extensive training from premier institutions such as Tata Memorial Hospital, Mumbai and having served at multiple NABH and JCI accredited institutions in India and abroad , Dr.Narayanan has cultivated an unparalleled depth of knowledge in oncology and hematology. His professional journey includes establishing state-of-the-art oncology departments and leading multidisciplinary teams,

emphasising holistic care that integrates chemotherapy, immunotherapy, bone marrow transplantation, and supportive therapies. Over his career, he has overseen more than 250 stem cell transplants including Auto / Allo / Cord blood and Matched unrelated transplants across different institutions demonstrating a remarkable record of clinical precision and patient outcomes. His expertise spans the management of solid tumours, hematologic malignancies, and rare cancers, positioning him as a leading authority for patients seeking the best oncology care in Bangalore. Dr. Narayanan is also actively involved in research and clinical trials, contributing to over 20 years of investigator- initiated and industry-sponsored studies. His scholarly work includes multiple peer-reviewed publications, book chapters, and numerous presentations at national and international conferences, reflecting his commitment to advancing medical knowledge and improving cancer treatment strategies. He has consistently integrated translational research into clinical practice, ensuring that patients benefit from the latest innovations in oncology, including precision medicine and immunotherapeutic approaches. He has been the Prinicipal Investigator in more than 20 clinical trials ranging from Phase 1 to Phase 4 including the first CAR T cell therapy trial in Mulitple Myeloma in India. In addition to his clinical and academic contributions, Dr. Narayanan has been recognised with awards such as the CME Excellence Dronacharya Award, underscoring his commitment to medical education and mentorship. He actively engages in training junior doctors, medical students, and allied healthcare professionals, fostering a culture of excellence and collaboration within the oncology community. Known for his empathetic approach, clinical acumen, and ability to manage complex cases, Dr. Narayanan remains a trusted and sought-after consultant for patients and families navigating challenging cancer journeys. His comprehensive care model, dedication to innovation, and relentless pursuit of clinical excellence position him as a top choice for those seeking the best medical oncologist in Bangalore.
