

DR. SURESH BABU D

Consultant - Surgical Gastroenterology, HPB and GI Oncosurgery, Robotic Surgery

Qualification

MBBS | MS (General Surgery) | DNB (Surgical Gastroenterology)

Overview

Dr. Suresh Babu D is a highly skilled gastrointestinal surgeon in Yelahanka. He is currently practising as a Consultant - Surgical Gastroenterology, HPB and GI Oncosurgery, Robotic Surgery at Manipal Hospital Yelahanka, Bangalore, bringing extensive clinical expertise in advanced gastrointestinal, hepatopancreatobiliary, colorectal, and minimally invasive laparoscopic surgeries for adult patients with complex digestive disorders. With a strong academic foundation and focused super-specialty training, Dr. Suresh Babu D has established himself as a dependable name in gastrointestinal surgery, particularly for patients requiring precision-driven care for gastrointestinal cancers, pancreatic diseases, liver disorders, and metabolic conditions. His qualifications include MBBS, MS in General Surgery, and DNB in Surgical Gastroenterology, reflecting years of rigorous training and hands-on experience in managing both routine and highly complex GI surgical cases. At Manipal Hospital Yelahanka, Dr. Suresh Babu D is known for his patient-centric approach that combines clinical accuracy with clear communication and compassionate care. He believes that successful surgical outcomes begin with thorough evaluation, detailed

pre-operative planning, and a clear understanding of each patient's condition, expectations, and long-term health goals. This philosophy has earned him the trust of patients and families seeking the Best Gastro Surgeon in Yelahanka for both elective and emergency gastrointestinal procedures. His core expertise lies in Hepato-Pancreato-Biliary (HPB) surgery, where he manages complex liver, gallbladder, bile duct, and pancreatic conditions. Dr. Suresh Babu D has extensive experience in treating pancreatic tumours, chronic pancreatitis, biliary strictures, and gallbladder diseases, using evidence-based surgical techniques that prioritise organ preservation and optimal recovery. His interest in pancreatic surgery is complemented by a strong understanding of perioperative nutrition, metabolic optimisation, and post-surgical rehabilitation, ensuring holistic patient care. Colorectal surgery forms another major pillar of his practice. He routinely treats colorectal cancers, inflammatory bowel conditions, benign anorectal disorders, and functional bowel diseases. His minimally invasive approach to colorectal surgery helps reduce post-operative pain, hospital stay, and recovery time, while maintaining oncological safety and long-term outcomes. Patients looking for the Best Gastro Surgeon in Yelahanka often seek him for complex colorectal cases that require meticulous surgical planning. Dr. Suresh Babu D is also highly proficient in upper gastrointestinal surgery, including procedures involving the oesophagus, stomach, and duodenum. He manages conditions such as gastroesophageal reflux disease (GERD), gastric cancers, peptic ulcer complications, and oesophageal strictures with precision and care. His laparoscopic expertise allows him to perform many of these procedures using minimally invasive techniques, offering faster recovery and better cosmetic outcomes. In the field of bariatric and metabolic surgery, he supports patients struggling with obesity and metabolic disorders by providing structured surgical solutions combined with long-term lifestyle guidance. His approach emphasises patient education, nutritional counselling, and sustained follow-up, recognising that

metabolic surgery is a lifelong commitment rather than a one-time intervention. Dr. Suresh Babu D also has experience in liver transplant–related surgical care, working closely within multidisciplinary teams to support patients before and after transplant procedures. His understanding of complex liver pathology, portal hypertension, and post-transplant gastrointestinal complications strengthens his role within advanced GI care pathways at Manipal Hospitals Yelahanka. Academically inclined, Dr. Suresh Babu D has received multiple awards for his research presentations at national surgical conferences and has published in peer-reviewed medical journals. His work reflects a consistent interest in improving surgical techniques, understanding post-operative outcomes, and contributing to the evolving field of surgical gastroenterology. These achievements further reinforce his reputation as one of the Best Gastro Surgeons in Yelahanka, trusted not only for technical expertise but also for academic integrity. Beyond surgery, patients appreciate Dr. Suresh Babu D for his calm demeanour, ethical practice, and transparent communication. He ensures that patients and families are actively involved in decision-making, clearly explaining diagnoses, treatment options, risks, and recovery expectations. At Manipal Hospital Yelahanka, he continues to focus on delivering high-quality gastrointestinal surgical care that aligns with international standards while remaining deeply patient-focused.
