

DR. SUDHAKAR G V

Consultant - Urology & Laproscopy Surgery

Qualification

MBBS | MS (General Surgery) | DNB (Urology)

Overview

Dr. Sudhakar G.V is a senior urologist and laparoscopic surgeon in Yelahanka. He is currently practising as a Consultant – Urology & Laparoscopic Surgery at Manipal Hospital, Yelahanka, bringing over 25 years of extensive experience in endourology, reconstructive urology, paediatric urology, and advanced laparoscopic procedures. An MBBS graduate of Bangalore Medical College, Dr Sudhakar completed his MS in General Surgery from Karnataka Institute of Medical Sciences, Hubli, followed by DNB in Urology from the National Board, New Delhi. His early residency training across established centres in urology provided structured exposure to high surgical volumes and complex case management, laying a strong clinical foundation that continues to guide his practice. Over the course of his career, he has developed comprehensive expertise in endourology. His procedural experience includes MiniPERC, HOLEP, TURP, TURBT, and RIRS for both paediatric and adult patients. His work in laser and minimally invasive stone surgeries reflects long-standing involvement in contemporary urological practice. He also performs advanced laparoscopic procedures such as radical nephrectomy, partial nephrectomy, and

pyeloplasty, integrating minimally invasive principles to support faster recovery and reduced postoperative discomfort. His sustained surgical volume and technical breadth position him among the best urologists in Yelahanka, Bangalore, for minimally invasive and laser-based urological care. Dr. Sudhakar’s reconstructive urology practice includes buccal mucosal graft (BMG) urethroplasty, neobladder reconstruction, and complex lower urinary tract repairs. In female urology, he performs vesicovaginal fistula (VVF) repairs and stress incontinence surgeries, addressing both structural and functional urinary disorders. His involvement in paediatric urology encompasses hypospadias repair and pyeloplasty, reflecting his experience across age groups. This cross-sectional exposure across adult and paediatric populations allows him to provide continuity of urological care within a structured hospital setting. Beyond surgical proficiency, Dr. Sudhakar is recognised for his leadership and collaborative approach within multidisciplinary environments. His clinical journey reflects long-term involvement in academic institutions as a lecturer and assistant professor before transitioning into consultant roles. His ability to function both as a team leader and communicator supports coordinated patient care pathways and structured perioperative planning. At Manipal Hospital, Yelahanka, he delivers hospital-based urological services encompassing stone disease, benign prostatic enlargement, urological cancers, reconstructive procedures, and pediatric urology. Dr Sudhakar communicates fluently in Kannada as a native speaker and is highly proficient in English, with working knowledge of Hindi, Telugu, and Tamil, allowing him to interact comfortably with patients from diverse backgrounds. His long-standing surgical experience, technical adaptability, and comprehensive procedural range establish him among the best urologists in Yelahanka, Bangalore, for advanced laparoscopic and endourological management.
