

DR. SWETHA DAMA

Consultant – Gynaecological Oncology

Qualification

MBBS | MS | FMIS | MCh (Gynaecologic Oncology)

Overview

Dr. Swetha Dama is an experienced gynaecological oncologist in Yelahanka. She brings over 8 years of clinical experience in open and laparoscopic oncologic procedures, radical cytoreductive surgeries, colposcopy, and preventive oncology. Dr. Swetha Dama is currently practising as a Consultant – Gynaecological Oncology at Manipal Hospital, Yelahanka, where she provides comprehensive, evidence-based care for women with a wide range of gynaecological cancers and complex pelvic malignancies. Recognised for her patient-centred approach and structured treatment philosophy, Dr. Swetha is regarded as one of the best gynaecological oncologists in Yelahanka. Dr. Swetha completed her foundational MBBS and post-graduate MS in Obstetrics & Gynaecology from Kasturba Medical College, Mangalore, and Karnataka Institute of Medical Sciences, Hubli, respectively. She achieved super-speciality mastery by earning an MCh in Gynaecologic Oncology from The Gujarat Cancer Research Institute (GCRI), Ahmedabad. To hone her minimal-access procedural skills, she completed an RGUHS-certified Fellowship in Minimally Invasive Surgery (FMIS) at AV Hospital, Yelahanka. At Manipal Hospital, Dr. Swetha

Dama performs a broad range of gynaecologic oncology procedures with emphasis on oncological safety, functional recovery, and quality of life. Her clinical expertise includes staging laparotomy, cytoreductive surgery, radical hysterectomy, laparoscopic gynaecologic oncology procedures, colposcopy, preventive oncology, oncology counselling, and treatment planning. Her ability to integrate advanced surgical skill with compassionate, evidence-based decision-making makes her one of the best gynaecologic oncologists in Yelahanka for personalised cancer treatment. Dr. Dama's expertise also extends to high-volume gynaecologic oncology surgical care, including complex cytoreductive and radical procedures, minimally invasive surgery, and multidisciplinary coordination of cancer treatment. She is experienced in the perioperative management of gynaecologic cancer patients, from pre-operative evaluation to postoperative surveillance. Her ability to combine oncologic precision with patient-centred counselling has established her as a trusted gynaecological cancer specialist in Bangalore for women seeking comprehensive and compassionate cancer care. A dedicated researcher and academician, Dr. Swetha served as an Assistant Professor of Gynaecologic Oncology at GCRI, Ahmedabad, where she assisted and operated on over 450 complex oncologic cases. She has published numerous peer-reviewed research papers in high-impact national and international journals. Furthermore, she has presented benchmark clinical research at prestigious international forums, including the European Society of Gynaecological Oncology (ESGO) in Copenhagen, Denmark. Fluent in English, Kannada, and Hindi, Dr. Swetha couples her technical surgical precision with an approachable and clear communication style. She prioritises patient empowerment through detailed diagnostic explanations, transparent treatment plans, and compassionate counselling throughout the cancer care journey.
