

DR. SATISH KUMAR A

Consultant Hematologist and Hemato - oncologist

Qualification

MBBS | MD (Internal medicine) | DM (Clinical Hematology)

Overview

Dr. Satish Kumar A is a Consultant Haematologist and Hemato-Oncologist who specialises in Clinical Haematology, Hemato-Oncology, and Stem Cell Transplantation. He is a highly qualified and successful physician associated with the Manipal Hospitals Yeshwanthpur. Dr. Satish Kumar A has distinguished himself as a top expert in the diagnosis, treatment, and management of haematological illnesses and cancer because of his exceptional educational background and vast clinical experience. Dr. Satish Kumar A's academic journey began with an MBBS degree from Sri Shivarathreeshwara Medical College in 1999. He then pursued MD in Internal Medicine from Kasturba Medical College in 2003, further honing his skills in the broader medical field. However, his passion for haematological diseases led him to specialize in Clinical Hematology, earning a DM degree from the prestigious King Edward Memorial Hospital and Seth Gordhandas Sunderdas Medical College in 2007. With his extensive knowledge and expertise, Dr. Satish Kumar A has made significant contributions to the field through various publications and talks. His research paper titled "A Case of familial multiple subcutaneous lipomatosis with Novel PALB_2 Mutation and increased prediction to Cancer" was published in Hematology Oncology Stem Cell Therapy in 2016. Additionally, he has authored a case series on "Hemophagocytic Lymphohistiocytosis (HLH)" in the

Journal of the Association of Physicians of India, highlighting his dedication to advancing medical knowledge. No wonder he is considered the best haematologist in Bangalore. A paper published by Dr. Satish Kumar A in the Asian Pacific Journal of Cancer Prevention attests to his research on the diagnostic yield of the FISH panel in comparison to traditional cytogenetic investigations for hematological malignancies. His contributions extend to the field of Hematologic Oncology, where he collaborated on a multi-center study from South India, examining the halving time of BCR-ABL1 in Chronic Myeloid Leukemia. In addition to his research work, Dr. Satish Kumar A has excelled academically, securing the top position in the DM Hematology exam at Mumbai University in 2007. His devotion and obligation to his profession have been perceived, making him an exceptionally respected professional in his field. Because of his capability in English, Kannada, Hindi, and Telugu, Dr. Satish Kumar A can interact with a wide assortment of patients. This ability to communicate in numerous dialects advances areas of strength for patient security, guaranteeing that patients seek the most ideal treatment. Dr. Satish Kumar A continues to have a considerable influence in the field of haematology and hemato-oncology thanks to his broad expertise, breadth of knowledge, and commitment to improving the understanding and treatment of haematological illnesses and cancer. He is an exceptionally sought-after Specialist Hematologist and Hemato-Oncologist because of his steady commitment to patient consideration and determined pursuit of perfection.
