

DR. LOHITH P

Consultant - Robotic Surgical Gastroenterology and GI Onco Surgery

Qualification

MBBS | MS | DrNB (Surgical Gastroenterology) | CTS (Robotic) - Intuitive and SSI Mantra

Overview

Dr. Lohith P is a dedicated and accomplished gastrointestinal, robotic, and laparoscopic surgeon in Bangalore. He is currently practicing as a Consultant - Robotic Surgical Gastroenterology and GI Onco Surgery at Manipal Hospital Yeshwanthpur, Bangalore. With a strong foundation in high-volume surgical environments, he brings over seven years of focused expertise in advanced GI procedures, abdominal wall reconstruction, minimally invasive techniques, and robotic-assisted surgeries. His approach to surgical care is precise, patient-focused, and rooted in the principles of safety, innovation, and clinical excellence. He is the best gastrointestinal & Robotic Surgeon in Yeshwanthpur. Dr. Lohith completed his MBBS from Vijayanagar Institute of Medical Sciences, Bellary, followed by an MS in General Surgery from Maulana Azad Medical College, New Delhi. He further trained in Surgical Gastroenterology through the DrNB super-speciality program at Medanta-The Medicity, Gurugram; later he continued there as Associate Consultant, pursuing advanced certification in robotic surgery, gaining expertise in operating the Da Vinci Robotic System (International) and SSI Mantra Robotic System (Indian). This intensive

training made him proficient in handling complex oncological, bariatric, and reconstructive procedures across the spectrum of gastrointestinal and HPB surgeries. Dr. Lohith's key areas of expertise include a range of surgeries, from minimally invasive management of GI cancers to abdominal wall reconstructions and bariatric procedures. He also has a keen interest in robotic surgery and has integrated this technology into routine clinical practice to enhance surgical outcomes and recovery. At Manipal Hospital, he contributes actively to multidisciplinary teams, ensuring evidence-based and holistic care plans for patients with GI and HPB conditions. Dr. Lohith is an active member of the Indian Association of Surgical Gastroenterology (IASG) and the Association of Surgeons of India (ASI). He is deeply involved in research and medical education. His commitment to continuous learning and patient welfare defines his professional philosophy. He regularly participates in clinical training programs and has served as a mentor to surgical residents. His academic contributions include publications on topics such as groove pancreatitis, duodenal perforations, and microbiological profiling in peritonitis. Dr. Lohith's dedication to academic excellence is reflected in the multiple awards and felicitations he has received, including the IASG Bursary Award - 2023 and the Best Poster Award - KSC ASICON 2019. Dr. Lohith speaks Kannada, English, and Hindi and is known for his clear communication, ethical judgement, and collaborative approach, especially in surgical oncology and complex abdominal interventions.

Fellowship & Membership

- CTS (Robotic) - Robotic certification from Intuitive Da Vinci Robotic system (International) and SSI Mantra Robotic System (Indian)
- Member of Indian Association of Surgical Gastroenterology (IASG)
- Member of Association of Surgeons of India (ASI)

Field of Expertise

- Robotic and Laparoscopic GI Surgery
- HPB surgery (Liver, Pancreas, Gallbladder and Biliary Tract)
- Colorectal Surgery
- Upper GI surgery (Oesophagus and Stomach)
- Gastrointestinal Onco Surgery (Cancer related)
- Bariatric Surgery and Abdominal wall Reconstruction (Hernia Surgery)

Languages Spoken

- Kannada
- English
- Hindi

Awards & Achievements

- IASG Bursary Award – 2023
- Best Poster Award - KSC ASICON 2019
- Multiple publications in reputed surgical journals
- Actively involved in mentoring residents and contributing to academic training programs
